

### Itsa Center

Etsa Center is located 15 km north of Minia in Upper Egypt. It started in the mid-seventies as a small venue for the training of volunteer leaders taking roles in the development of their communities. During the past period, CEOSS has developed its resources and added a residential building in the mid-eighties to support the mission and achieve the greatest amount of help to the development and religious institutions to hold conferences and trainings.

Etsa Center has become one of the most important training and conference centers in Upper Egypt. It also enjoys high customer credibility and demand linked to quality service. Thanks to careful attention to reservations and arrangements and to personal safety.

Itsa Center offers accommodation and restaurant services and all the training needs of organizations and individuals from all segments of society, whether from Minia or from outside.
